Profile Summary

I am a passionate and dedicated web developer with a strong foundation in HTML, CSS, JavaScript, React, and TypeScript. Equipped with a keen eye for detail and a commitment to creating user-friendly, responsive websites. Seeking an entry-level role to leverage my skills and continue growing as a developer in a dynamic and innovative environment.

Work Experience

Software Developer (Tech4Dev)

Tech4Dev (Online) - 3/2024 – ongoing.

- Collaborated closely with a co-developer to develop, and deploy a JavaScript drug authentication website, contributing significantly to all phases of the project lifecycle from inception to deployment.
- Collaborated with team members to implement responsive design and optimize website performance.
- Conducted performance optimizations to enhance website speed and efficiency, improving overall website performance.
